

## Ozone generator with plasma technology

**Application:** Drinking water treatment  
Ozone biofiltration

**City/Country:** Frankfurt a.M./Germany

### **Project info:**

**Capacity:** 2 x 120 g/h of ozone at 5% (wt)

**Number of plants:** 2 x Plasma PBA 120

**Process gas:** Oxygen, generated on site (PSA)

**Year of realisation:** 2019

**Specialities:** Water treatment for sea animals in the zoo
